

# Building Strong Family Voice

In 2012, the Family and Youth workgroup offered the “Building Strong Family Voice” presentation to a total of 70 people in four locations, the: Northwest Georgia System of Care Advisory Council ( $n = 22$ ), Chattooga County Family Connection ( $n = 19$ ), Walker Family Connections ( $n = 22$ ), and State Federation of Families Chapter meeting ( $n = 7$ ). Evaluations were distributed at the conclusion of each presentation. Results demonstrate presentation effectiveness in improving participants’ understanding of family voice in the system of care framework.

## % Agreeing or Strongly Agreeing ( $n \sim 70$ )
